Hawai'i Volcanoes National Park

RELIVE Kīlauea 's spectacular eruptions from "curtains of fire" to high lava fountains!

Learn the processes that shape the volcanic landscape, current science & monitoring, unique plants & animals, & connections to Hawai'ian culture past and present. Attractions include big steaming craters, lava tubes, lava trees, "frozen" lava ponds, lakes & fissures, & the island's newest, glowing crater!

4hr: Basic, 6hr: Highlights, 8, 10 & 12hr: Extensive ±hiking

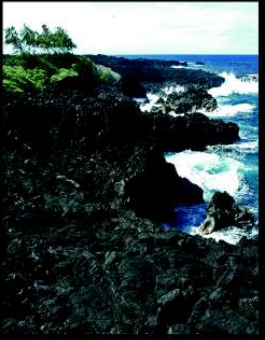

Kalapana & Kapoho Discovery

WITNESS beauty & destruction on Kīlauea's southeast coast between two lava-buried villages!

This scenic coastline offers a unique mix of black sand beaches, rainforest, tidepools, and warm ponds between historic lava flows & fissures, with red, active lava sometimes visible from a distance after sunset.

4, 6 & 8hr: Highlights±hiking, sites off-the-beaten path

Lava Priority Option

Make ANY TOUR a LAVA PRIORITY, eruption allowing on your tour day!

Lava flows are not accessible every day due to the changing eruption, but when they are, we can get you there & back safely for the best chance to see red, active lava close-up on land or entering the ocean!

Hike distance and difficulty vary greatly, let us know your limits and we'll advise of conditions on your tour day. We always plan a back-up: Kīlauea Adventure, National Park ± Kalapana & Kapoho. Lava viewing from a distance included otherwise when possible!

Kīlauea Combination

COMBINE the most accessible parts of Kīlauea for a full overview of the ongoing eruption from summit to sea!

Shorter tours (4 & 6 hrs) must focus on EITHER the National Park OR Kalapana & Kapoho regions, which are 1hr apart. LAVA PRIORITY option available, lava hike within your limits replacing other highlights if possible.

8hr: Basic, 10hr: Highlights, 12-14hr: Extensive ±hiking

Lava Proximity / Kīlauea Adventure

DISCOVER the essence of Kīlauea and its active eruption on a long wilderness hike with a local volcano specialist!

Spectacular views await those willing & able to hike up to 12mi/19km, with the Lava Proximity Hike as our first option if conditions allow. If not, next best is a 10mi/16km round-trip for closest legal view of active Pu'u 'O'o vent. Kīlauea Iki & caldera also available!

6hr: Up to 8mi/13km, 8hr: 10mi/16km, 10hr: 12mi/19km

Waterfalls Option & Custom Tours

COMBINE the island's landmark waterfalls with ANY TOUR!

Choose from Rainbow Falls, the Boiling Pots, 'Akaka Falls, hidden waterfalls of Hilo, or any others you care to see! Typical choices take 1-4hrs of your tour.

We can include ANY DESTINATION on-island within legal access, just ask us in advance and we'll advise on necessary time and preparation! ALL TOURS are custom to your tour day preferences and what's possible within your tour time.

"VolcanoDiscovery was the highlight of our trip! I wouldn't even consider going back without a guide of the park - You would miss so much! A+++!" -Chris K., Cypress, TX

"The history, geological facts, amazing folklore stories... It made the whole experience at the Park one of our favourite memories in Hawai'i!" -Tara M., Ottawa, Canada

"Awesome adventure! Our family, including 3 kids, had geology lessons and history that kept the kids engaged. They will tell you it was THE BEST!" -Victoria D., San Diego, CA

About Us

VolcanoDiscovery offers personalized tour guiding service & interpretation to small groups on Hawai'i Island & active volcanoes worldwide. Our special focus in Hawai'i is accurate and detailed information about the geology, nature and culture on Kilauea, Hawai'i Volcanoes National Park & Hawai'i Island. We promote local goods, sustainable practices and the traditional Hawaiian value of "Mālama 'Āina", Caring for the Land.
